

Dear Ms. Franklin

**Sent:** Wednesday, October 18, 2017, 4:17:10 PM CDT

**Subject:** 2017 Special Resource Fund awards from RiverArtsFest

On behalf of the board of directors and volunteers of RiverArtsFest, congratulations! Your application to the 2017 Special Resources Fund has been selected to receive funding. We have attached a list of all of the funded projects.

The amount of your SRF grant will be noted in a separate, individual e-mail along with any restrictions or contingencies. Additional information will be included about the letter of agreement and final reports.

The outstanding, creative projects cover all parts of Shelby County and involve small group projects, multiple grades and/or ages and entire communities! We are very proud of the obvious thought and planning that went into these special opportunities.

Each project will be receiving free admission tickets to the upcoming RiverArtsFest October 27-28-29 in the South Main arts district Downtown.....for schedules and more information visit the festival website [www.riverartsmemphis.org](http://www.riverartsmemphis.org). We invite you and your project participants to join us in this community celebration of the arts!

The Special Resources Fund is made possible by an anonymous donation with additional support provided by income from the festival. RiverArtsFest will be reinvesting approximately \$59,000 back into arts education in Shelby County so come support the Mid-South's fine arts festival that is supporting arts projects like yours!

We look forward to another creative year of SRF projects!

Angela Less, Tom Wilson and James Wells
